

Countdown

import the time module

import time

define the countdown func.

def countdown(t):

while t:

 mins, secs = divmod(t, 60)

 timer = '{:02d}:{:02d}'.format(mins, secs)

print(timer, end="\r")

 time.sleep(1)

 t -= 1

print('Fire in the hole!!')

input time in seconds

t = input("Enter the time in seconds: ")

function call

countdown(int(t))
